## **Welcome to the Connecticut Back Center!**

On this site you will find our office policies and the forms you need to complete and bring to your appointment. Please keep in mind that it is your responsibility to provide our office with all of your insurance information prior to being seen by the physician. If your insurance requires a referral for you to see a specialist, you are responsible for obtaining that referral, and it must be sent to our office prior to your appointment, or you will have to reschedule your appointment.

If you have a **WORKER'S COMPENSATION** claim, ALL information of the claim must be received by our office prior to your being seen (i.e., date of injury, claim #, adjuster, etc.).

The following is a list of items you should have available when you come to your appointment:

- **Insurance card/Photo ID/Co-Payment**
- **Worker's Comp information**
- **Written insurance referral, if needed.**
- **X-rays (disc or hard copies)**
- **MRI's, CT Scans (disc or hard copies)**
- **Any other imaging studies that you have, and are related to this visit.**
- **Updated list of medications currently being taken, including any allergies.**
- 

We have a busy practice. It is not uncommon for there to be delays for various unexpected reasons. Please bring a book or work to do, and we will make every attempt to see you promptly.

We thank you for choosing our practice and look forward to working with you.

Sincerely,

Connecticut Back Center Staff
